MAY 28 1998

5-16-98

Dear Mr. Snow,

I would like to inform you of my opposition to any part of the (AIDF) Project that would include new dams, enlargement of existing dams, or the construction of new canals that divert water from the delta.

Instead, (AIDF) should enhance conservation and reclamation programs. THESE steps would support (AIDF)'s restoration objectives without destroying more fragile habitat.

THANK YOU for your kind consideration

Respectfully,

John Ahearn
